

FOREIGN TRADE ZONE PROGRAM

LOGISTEC

GULF STREAM
MARINE

BENEFITS

Optimize Costs

- Defer or eliminate duties on imported goods
- Lower processing fees and inventory taxes
- Improve cash flow with delayed customs payments

Streamline Operations

- Store, repackage, or assemble goods in-zone
- Hold goods duty-free for as long as needed
- Simplify logistics with bonded transport and FTZ access
- Get tailored solutions for your cargo and supply chain

YOUR FTZ PARTNER

LOGISTEC and **Gulf Stream Marine** are trusted FTZ partners, offering integrated solutions, bonded transport, and on-the-ground support to help you unlock the full value of FTZ operations.

ABOUT FTZ

A **Foreign Trade Zone (FTZ)** is a secure area in or near a U.S. port where foreign and domestic merchandise is considered outside of U.S. Customs territory. Companies can import goods into an FTZ without triggering duties, tariffs, or quotas until (or unless) those goods enter U.S. commerce.
